RED SAXONY

ELECTION BATTLES AND THE SPECTRE OF DEMOCRACY IN GERMANY,
1860-1918

Red Saxony argues that election battles were fought so fiercely in Imperial Germany because they reflected two kinds of democratization. Social democratization could not be stopped, but political democratization was opposed by many members of the German bourgeoisie. This book asks: how was Germany governed in the era of Bismarck and Kaiser Wilhelm II? How did fear of revolution push liberal and conservative parties together? How did Germany's leaders see their nation's future?
